### 1) Icarus Signature Pattern

An absolutely beautiful pattern! 1) Entire upper and lower surfaces and stabilizers are a primary color. 2) All internal ribs are a contrasting secondary color. We recommend white or light colors for primary and darker colors for secondary.

### 2) Panel by Panel

To color your Crossfire panel by panel, indicate the color of each cell by placing the 3-letter identifier in the appropriate box below. This is as if the canopy were flying toward you. The ribs, stabilizers, and slider will be matched accordingly unless specified. Symmetrical patterns are recommended.

\*\*Note. For complex patterns and/or the use of 4 or more colors. Additional charges may apply.
